DETAILED ACTION

1. In view of the remand having a deferred decision by the Board of Patent Appeals and Interferences mailed on December 31, 2003, PROSECUTION IS HEREBY REOPENED. A new ground of rejections is set forth below.

To avoid abandonment of the application, appellant must exercise one of the following two options:

- (1) file a reply under 37 CFR 1.111 (if this Office action is non-final) or a reply under 37 CFR 1.113 (if this Office action is final); or,
- (2) request reinstatement of the appeal.

If reinstatement of the appeal is requested, such request must be accompanied by a supplemental appeal brief, but no new amendments, affidavits (37 CFR 1.130, 1.131 or 1.132) or other evidence are permitted. See 37 CFR 1.193(b)(2).

Note: The Board of Patent Appeals and Interferences affirmed the examiner's rejection of claims 1, 2, 4-11 and 13-18 and, therefore, prosecution on these claims is closed and no further amendments may be submitted.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

- (a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 19-21 are rejected under 35 U.S.C. 102(a) as being anticipated by <http://www.Walgreens.com>.

Regarding claim 19, Walgreens.com discloses a device for describing the medicine contained in a medicine receptacle comprising a label having picture that alone identifies the medicine (AcidFree contains a label having the picture of a user's stomach receiving a chewable tablet that will neutralize the acid in the user's stomach associated with heartburn caused by acidic foods), wherein the label is mounted to a container holding the medicine.

Regarding claim 20, Walgreens.com discloses the picture on the label of the medicine container depicting why the medicine is being used (i.e., to neutralize the acid in the user's stomach associated with heartburn caused by acidic foods).

Regarding claim 21, Walgreens.com discloses the picture on the label of the medicine container depicting the body part for which the medicine is being used (i.e., stomach).
